Here's how it works:

ACRE is pleased to offer you our lowest price guarantee program. This program provides our customers peace of mind in knowing that ACRE offers the best value in the Delaware Valley. We are so confident that we offer unprecedented value, we match all competitors pricing for replacement window projects of equal value to your ACRE window replacement project. Should you receive a lower price from our competition for a project with the same specifications that are on your ACRE work order, simply provide us a copy of the competitor's detailed work order, and about one week after your project is installed by ACRE, you will receive your refund.

Terms & Conditions: Final submissions of competitive work orders to ACRE must be made within 14 days of sale date. All competitors work orders submitted must adhere to all legal requirements under PA home improvement laws. ACRE reserves to right to cancel the order in lieu of providing refund. In the event of cancellation by ACRE, all monies paid by customer will be refunded. All terms and conditions of Installation Agreement between ACRE and customer remain in full force and effect.
